Full house at the Schüttgut in Dortmund

05.11.2015 News

In the nine years of its existing the trade fair Schüttgut has established itself as fix appointment for the industry. Beside the POWTECH the fair has grown to one of the most important events for bulk technology.

Actually more than 450 exhibitors take part.

Infastaub is represented at the SCHÜTTGUT since 2008 and has accompanied the growth of the fair. Also this year proven solutions and innovations of the Infastaub filter programme were shown.

Within the interesting lecture programme of the „Innovation and SolutionCenter“ Jens Kampmeyer, head of Sales, reached a wide audience with his lecture „Why does my filter not work? Factors which have an impact on the operating behaviour of surface filters“. The numerous visitors showed that Kampmeyer stroke an important nerve of the industry.
