Berthold Geppert, managing director of Infastaub since 2008, will hand over the baton to Norbert Kuhn. Kuhn, a 57-year-old graduate engineer, took up his position on 01 October 2022.

Geppert and Kuhn will act as dual leaders until the end of the year, before Geppert will leave the company on 31 December 2022.

"We are very pleased that Norbert Kuhn is taking over the management of Infastaub. With his many years of experience as Technical Managing Director of Herding GmbH Filbertechnik, he brings with him the best prerequisites for the position," explains Berthold Geppert on the choice of his successor. Kuhn will now bring his valuable experience in filter technology as well as his expertise in manufacturing processes and product development to Infastaub and make the company fit for future challenges.

Geppert will continue to work for Infastaub as a consultant.
