Subsidiary founded in Russia

30.09.2016 News

In September, the OOO Infastaub RUS was registered in the Russian commercial register in Saint Petersburg.

Infastaub has founded a subsidiary in Russia. In September, the OOO Infastaub RUS was registered in the Russian commercial register in Saint Petersburg. Before, Infastaub was represented in Russia by Sovplym for many years.

Infastaub RUS is managed by Alexander Töws who is active for Infastaub in Bad Homburg for many years.

„2017 is the year of ecology in Russia. The demand of environmental technologies and the understanding for environmental protection will therefore grow continuously,“ reasons Berthold Geppert, managing director of Infastaub, the decision.

Infastaub RUS will expand step by step. After opening of the first office in St. Petersburg, further locations will follow - e. g. in Novosibirsk and Yekaterinburg.
