### **This was Powtech 2017**

02.10.2017 News

The Infastaub stand gleamed in a new, clear design. Large-sized graphics of 3D CAD filter units and a new illumination concept realized a bright, welcoming appearance.

„Powtech 2017 has impressed, affected and brought together the best brains of the industry“ is the résumé of Beate Fischer, event manager Powtech at Nürnberg Messe. Infastaub follows this judgement. Powtech 2017 was more international than ever: 835 exhibitors from 29 countries were there and Infastaub in hall 4 right in the middle.

The Infastaub stand gleamed in a new, clear design. Large-sized graphics of 3D CAD filter units and a new illumination concept realized a bright, welcoming appearance. For the first time we had a digital Carrera race course on board. It made the fair visitors' eyes shining and awakened the play instinct. Daily three bottles of champagne were awarded to the daily winners.

All visitors and Infastaub staff agreed at the end of the fair: The Carrera race course provided a lot of fun.

We thank all visitors, who contributed to the success of the fair and look forward to 2019.
